AMENDMENT 1

PRINCE FIELD DRAINAGE IMPROVEMENTS REQUEST FOR PROPOSALS # 02-20/21 January 15th, 2021

Request for Proposals # 02-20/21, Prince Field Drainage Improvements is amended as follows:

This addendum is issued to clarify the previously issued request for proposal documents and is hereby made a part of the contract documents. All requirements of the documents not modified herein shall remain in full force and effect as originally set forth.

1. **Question:** Is there an estimated or set budget for RFP No. 02-20/21, Prince Field Drainage Improvements?
1. **Answer:** There is no estimate for this project.

2. **Question:** Please advise the engineer's estimate for subject project.
2. **Answer:** There is no engineer's estimate for this project.

3. **Question:** What is the depth is the light Pole?
3. **Answer:** Per the standard requirements, we estimate the depth for this light pole to be 4-5 feet.

4. **Question:** Which is the Budget for the project?
4. **Answer:** There is no set budget for this project.

5. **Question:** Is there a footing permit needed to reinstall dugout?
5. **Answer:** Yes. Please contact our Building Dept. at 305-805-5030 for permitting requirements and details.

6. **Question:** What is the Canopy footing depth?
6. **Answer:** We believe it is at a minimum of 12 inches below grade.

7. **Question:** Is there intention to keep access to the field?
7. **Answer:** Yes, however contractor is responsible for securing the work site and is expected to contain all construction activities within the site as indicated on the drawings.

8. **Question:** Is the Fence allowed to be removed for equipment access?
8. **Answer:** Yes, however contractor is required to reinstall the existing fence to equal or better conditions as currently existing.

- 9. Question:** Are the columns bolted or embedded?
9. Answer: The columns are embedded in the ground.
- 10. Question:** Can you provide Geotechnical Report?
10. Answer: There is no Geotechnical Report other than the one as referenced as Exhibit A in the RFP.
- 11. Question:** How are the roof joists connected to the columns at the dugouts?
11. Answer: We believe they are connected with hurricane straps or clips.
- 12. Question:** Can you provide us with the name of the company that constructed the dug out at Prince Field?
12. Answer: There is no record of the company on file.
- 13. Question:** There is an existing root from tree that was removed, do we need to grind it down or remove it? It looks like it might be going down under the asphalt road.
13. Answer: Contractor is responsible for determining all factors needed to respond to the RFP. These costs must be included with your response.
- 14. Question:** For this bid process the “3.3 Evaluation criteria” page 36 of 84 from the RFP, would apply?
14. Answer: No. Does not apply.
- 15. Question:** Proposal indicate an alternate for swale restoration, please, advice where this scope will be done.
15. Answer: The alternate work to be proposed will be in the swale right of way, between the edge of roadway and the sidewalk starting from Westward Drive heading South, ending just North of the entrance to the Miami Springs Adult Community Center.
- 16. Question:** Will you accept an alternate method of install?
16. Answer: An alternate option can be provided, however responses to the RFP must be spec’d per the original requirements of the solicitation and any alternate methods must be clearly identified as suggested alternates for consideration.
- 17. Question:** Is it your intention to keep access to the ballfields at all times?
17. Answer: Yes. Refer to Q&A #7.
- 18. Question:** Is there an estimated cost for this project for bonding purposes?
18. Answer: There is no estimated cost. Bonding will be in accordance to your proposed costs of contract.
- 19. Question:** Will FPL assist with holding the pole in excavation?
19. Answer: No, FPL has not made any commitments to this project as the field lights are maintained by Musco Sports Lighting, LLC (305) 347-3319. Contractors may reach out to them directly for additional information.
- 20. Question:** Are we permitted to remove some of the perimeter fence to be able to access the area during excavation?
20. Answer: Yes, refer to Q&A # 8.
- 21. Question:** Can you provide us with your electrical contractor’s contact information?
21. Answer: If this information is warranted to be required, once an award is made, we will provide this information.

- 22. Question:** Can you provide us the contact information for the company who will be holding the pole if not FPL?
- 22. Answer:** Protection to the pole is the responsibility of the awarded contractor. Per response to Q&A # 19, you may reach out to Musco Lighting for further information or for any subcontracting needs as the City will not provide these services.
